

Challenged Materials Form

The Lindsborg Community Library Board has established a collection development policy to guide selection and de-selection of materials, along with a procedure for gathering input about challenges to particular items. Completion of this form is the first step in that procedure.

If you wish to request reconsideration of an item currently including in the library collection, please return this completed form to the Library Director. After the form is submitted, the Library Director will form a Reconsideration Committee to review your request. You will receive written notification when the resulting decision is made.
